

Dear Pastor and Church Family,

November 1, 2026

We hope this monthly report finds you well and rejoicing in the goodness of God. Thank you so much for sacrificially supporting our ministry and faithfully praying for us! We praise the Lord for the privilege to represent you as we work to proclaim the life-transforming truth of the Gospel here in our mission field where there are still so many who have not yet had the opportunity to hear a proper presentation from the Bible of how they might escape eternal judgement and be reconciled to God. According to the pages of Scripture, as our Lord Jesus Christ's appearing in the clouds for His own draws ever closer, it is inevitable that the world will increasingly be enveloped with greater spiritual darkness. Our city of Busan is no exception to this. In fact, across Korea, while various false religions still have strong influence, recent reports have shown that most young people in the country identify as atheist or non-religious. As technology continues to permeate daily life and the flaws of various religious institutions become ever more apparent, an increasing number of people here view anything having to do with religion with disdain. Any form of religion is seen as a fraud and religious belief is perceived to be nothing short of a delusion. A great number of the people we have been called to reach have precisely this mindset when we try to engage them with the truth. The negative response we often encounter can be disheartening at times. Obviously, false religion of any variety is ultimately a fraud and those who place their trust in anything other than Jesus Christ and His completed work of redemption for their eternal salvation are indeed deluded. However, to those who have not yet turned to Christ and been born again by the Holy Spirit, all religious ideas (erroneously) appear to be similar. It is a great encouragement to remember that the Gospel of Christ is the power of God unto salvation "to everyone that believeth," and that the Lord desires the salvation of all men. Trusting the Holy Spirit to guide us, we are seeking to better engage those precious yet spiritually blind souls around us with the truth. Please continue to pray that God would bless our daily Gospel tract distribution efforts, grant us more opportunities to personally witness, and ultimately make us more effective ambassadors for Christ here in the midst of our densely populated mission field of Busan, Korea.

Thank you so much for praying for our ministry of planting Jungbu Independent Baptist Church here in the heart of our city. The greatest need of every mission field is Gospel-preaching, biblical local churches. We continue to trust that Christ will build His church. It is such a privilege to serve the Lord together as a family in this endeavor! Last month Mr. Choi brought his friend, Mr. Kim, to two Wednesday evening Bible studies. Please pray that we might accurately understand the spiritual condition of these two men so that we may properly minister to them in the future. Thank you for praying for Mr. Jeon, the man we mentioned in our previous prayer letter who first came in September after receiving one of our Gospel tracts. He returned every Sunday in the month of October. I was able to speak with him about his salvation and share what the Bible teaches about the necessity of being born again by the Holy Spirit each time he came. While he clearly heard the truth and was pointedly invited to come to Christ and settle the matter of his salvation, it seems that the time Mr. Jeon has spent in unbiblical churches has caused great confusion for him. We continue to pray that God would work in this man's heart. On the first Wednesday of October we rejoiced when Mr. Seo (can also be spelled Soh) unexpectedly returned after several weeks of absence. That night I had the privilege to deliver a special sermon on evidence for the Scripture's divine inspiration as it relates to the veracity of the Gospel which I had previously prepared with the hope that Mr. Seo would return. By the grace of God, Mr. Seo, who does not have a religious background, subsequently came to two other Bible study meetings last month. It is amazing to think of how the Lord first brought this man to us through one of our Gospel tracts back in April! Presenting the Gospel and answering his questions over the many times he has visited our church has been such a joy! We continue to pray for this precious soul's salvation. Though we are anxious to reap the harvest, we know that we must often till the soil and sow the seed first. May the Lord help us to effectively labor in His harvest field and in due season enable us to bear fruit for His glory. Thank you so much for your faithful prayers and sacrificial financial support! May our Lord bless you as you serve Him!
